Evolis Badge Studio®

The ideal card designer for your Badgy printer

badgy
A LASTING IMPRESSION

Badgy helps you create badges yourself.

To make sure that your badges are just as perfect as those made by professionals, we have developed this software dedicated for Badgy.

All areas of the badge can be edited … make as many changes as you want!

Text...

Add or delete texts

Include a photo

Choose a background image or not... you might just need a white background

Need a bar code or a QR-code on your badges? No worries with Badge Studio!

Badge Studio helps you create and customize your badges … in just a few clicks

Just choose from the following design modes:

Customize free included badge templates

OR

Let the Wizard guide you

OR

Create your own badge from a blank document

Find models for a variety of applications included in the software and customize them as you want! Visit www.badgy.com to get more free templates online.

Create your badge from start to finish by following the instructions, step-by-step.

The intuitive software lets you add all the elements you need: photos, texts, images, or barcodes.
